# Welcome TO THE KENTUCKY SHORTHORN FUTURITY SALE

KENTUCKY DEPARTMENT OF AGRICULTURE  
FRANKFORT

BEN J. BUTLER, COMMISSIONER

BEN J. BUTLER

It is my sincere pleasure and honor to welcome the Kentucky National Shorthorn Futurity Show and Sale to Bowling Green, Kentucky, on March 24, 1956.

The importance of quality livestock cannot be overstressed in our agricultural programs. Kentucky is a great pasture and livestock state - its importance in these areas should become more prominent in the years ahead. It is our conviction that shows and sales such as yours will stimulate our interest and raise our standards.

You will be meeting in a region of noted hospitality and we hope that you share much of it. I shall look forward to seeing and enjoying this event with you.

Sincerely yours,

Ben J. Butler  
Commissioner of Agriculture

A group of first prize winners being paraded at the 1954 Kentucky National Futurity Show and Sale.

The head of Modest Senator. This calf placed first in the youngest class in the 1955 Kentucky Futurity. He was purchased for \$800 by Harold Anderson and Beryl Wilson, Broadlands and Champaign, Ill. Picture taken at seven months of age.

Vice-President Alben Barkley, Tom Waller, Paducah, and Lt. Governor Harry Lee Waterfield, discuss Shorthorns at the Kentucky Shorthorn Breeders' Association field day held at the Waterfield farm. Waterfield and Waller are Shorthorn breeders and it looks like they are talking "The Veep" into starting a herd. In the foreground are Dr. E. M. Travelstead, Harrisburg, Ill., and Lewis Davis, Tolu, Ky.

Below, Ralph Meacham proudly displays the ribbon for the grand champion female at the 1953 Kentucky Futurity. Bill Meacham, Ralph's dad, looks mighty proud, too.

## THE 1956 KENTUCKY NATIONAL FUTURITY SHOW

TIME: 9:30 a.m., Saturday,  
MARCH 24

JUDGE: W. N. Anderson,  
West Liberty, Ia. •

MYRTLE KATHY, reserve champion female, 1954 Kentucky Futurity. Luther Rice, breeder, stands behind her. Jack Ragsdale, WRW Farm, is at the halter. Sire, Kirkforther Endeavour. Six daughters of Kirkforther Endeavour sell in this sale.

Every person connected with the promotion of purebred cattle loves to see a real top quality sale offering. They are easier to sell and they make more friends in the hands of the new owners. If it took a lot more money to own this kind, I can see how some people would not have them. However, the investment for quality is so little more, especially when amortized over a period of years with the animal and its descendants working in the herd.

The prices in the Kentucky Futurity have always been reasonable. Every year an alert buyer or two has had a field day ... taking home a truckload of good ones at a modest price. I have known many top breeders who have searched long for the right herd bull, come to the end of their search at this sale.

On the other hand, those who have equipped themselves with the right "machine tools" have been rewarded for their

efforts. Since this sale series started in 1949, 368 head have sold for a total of \$198,430 or an average of \$539.

This offering, and all past Kentucky Futurity offerings, have been completely free from tail-end cattle. Down to the last place animal in every class, every one is a good one. Naturally, we have the State of Kentucky to thank for the liberal premiums that have attracted cattle of this quality. It brings together the kind you want to take home, not just one or two, but all the way through the sale. There has never been a time when the opportunities for herd improvement were more attractive.

### Sydney H. Anderson

SIDEVIEW GAMBLER'S VICKI — A solid red granddaughter of Kirkton Gambler, out of a good cow by Bo Wood Robinhood, an outstanding son of Garguston Cock Robin. This heifer has a beautiful head, deep, thick and bred to imported Baldourie Rear Admiral December 31, 1955. She should add a touch of excellence to any good herd.

C C F ROYAL MAID 4th — Mr. Luther Rice, in my estimation, is one of the finest judges of good Shorthorn cattle. He picked this heifer as one of the two best heifers in the Crown Crest herd. He sold his heifer this summer for over \$1,000. I think this heifer is an outstanding one and certainly a heifer that anyone would be proud to own. She is sired by Edwin Leader, a \$10,000 grand champion bull and bred October 26, 1955 to imported Baldourie Rear Admiral, a bull that is siring the best calves we have ever had on our farm. What a calf this should make!

WAYMORE SECRET 76th - A beautiful heifer by Camson Cock Robin 9th. The 9th was sold for \$2,000 in the Campbell Farms sale and is without a doubt the greatest breeding son of Calrossie Cock Robin. This heifer was the reserve grand champion of the 1955 Pike County, Mo. Show and Sale. We bought her to put in the herd but we wanted a top heifer bred to our \$5,000 Cromleybank Ben Lomond to sell in the Kentucky Futurity. In the last eighteen months over half of the champions and reserve champions in the Pike County Shows and Sales have been sired by Camson Cock Robin 9th. The 9th stood second in the Canadian Nat'l Exhibition in a class of twenty-one. There just aren't any poor doing heifers come out of the Harness herd. What a calf this beautiful heifer should have to Cromleybank Ben Lomond.

*SIDEVIEW MYRTLE II — From my judgment this is the best heifer I have ever consigned to any sale. Many outstanding cattlemen have looked her over and failed to fault her. For a showman of fine cattle, this is the heifer to add to your show string, as she will be difficult to beat in the stiffest of competition. Just to sum her up, she has everything. Look her over carefully and see if you don't agree. Her sire was the grand champion bull over all three breeds in a Gold Medal Show in Indiana. Her dam is an excellent cow by Bo Wood Robinhood.*

## Standard Guarantee of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

*An illustration of how Shorthorn bulls are the greatest of all improvers. The cow at right is half Jersey — half Hereford. The use of a good Shorthorn bull on this cow produced the calf at left which weighed 825 pounds at 10 months of age.*

*Some who read this catalog may not be familiar with the superior beef-making performance qualities of Shorthorn cattle. Here are two good illustrations. Notice how the Shorthorn cow above is equipped to give her calf a healthy start in life. Too many beef cows of other breeds starve their calves. Increase nature's supply of feed through the use of Shorthorn blood in your herd.*

*This cow is Resolution Verbena, a twelve-year-old member of the Luther K. Rice, Paris, Kentucky, herd. She is the dam of two past Kentucky sale grand champions. Her calf is by Klaymor Jobber.*

5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

In addition to providing state funds for a share of the show premiums, the State of Kentucky also shares the cost of bringing this sale to the attention of cattlemen everywhere.
